What I know

Directions: Choose the letter of the best answer. Use a separate sheet of paper for your answers.

1. _____ are series of computers interconnected to each other.
   a. Facebook c. Mobile Legends
   b. YouTube d. Internet

2. _____ you need this to connect to the internet
   a. Service Provider (globe, smart, PLDT) c. Cable
   b. Antenna d. switch

3. _____ is used to view web pages.
   a. Facebook c. web browser
   b. MS Word d. web reader

For items 4-8, please refer to the following choices.

I. Hyper Text Mark-up Language
II. HTML Tags
III. Start Tags and End tags
IV. Web Browser
V. HTML Documents

4. Another term for web pages _____.
   a. I b. II c. IV d. V

5. It sets the beginning and end oh an HTML tag _____.
   a. I b. II c. III d. IV

6. These are represented by the <> symbols
   a. I b. II c. IV d. V

7. This is the meaning of HTML.
   b. II b. III c. IV d. I

8. Chrome, Firefox and Internet explorer are samples of

c. II b. III c. IV d. V

For items 9-13, please refer to the following choices.

I. Body tag
II. title tag
III. HTML tag
IV. Header tags
V. paragraph

9. pertains that the document is an html document____

b. I b. II c. III d. IV

10. visible page content is placed between this tag____

a. I b. II c. III d. IV

11. Series of tags used to denote headings

a. I b. II c. III d. IV

12. It has a symbol <p>

a. II b. III c. IV d. V

13. If you want to put a name on top of your browser.

a. II b. III c. IV d. V

14. How many header tags are there? _____.

a. 1 c. 99
b. 5 d. 6

15. Which header tag is the smallest _____?

a. H1 c. H3
b. H5 d. H6

LT 5 HTML EDITOR and <!DOCTYPE>

What's New

- **Writing HTML Using Notepad or TextEdit**
- HTML can be edited by using a professional HTML editor like:
- Adobe Dreamweaver
- Microsoft Expression Web
- Brackets HTML Editor
- However, for learning HTML we recommend a text editor like Notepad (PC) or TextEdit (Mac). We believe using a simple text editor is a good way to learn HTML.

The <!DOCTYPE> Declaration

- There are many different documents on the web.
- a browser can only display an HTML page 100% correctly if it knows the HTML type and version used.
- The <!DOCTYPE> declaration helps the browser to display a web page correctly.
- **Common Declarations**
- **HTML5**

  <! DOCTYPE html>

What's In

A. let's see what you learned

Directions: steps to create first web page with Notepad **write the steps on the boxes below**

STEP 1	
STEP 2	
STEP 3	
STEP 4	

Directions: Answer the following questions.

1. Enumerate the basic html structure?

   1.
   2.
   3.
   4.
   5.

2. What are the type of tags?
   1.
   2.

3. Name 4 HTML versions
   1.
   2.
   3.
   4.

What's New

B. HTML Links

HTML links are defined with the <a> anchor tag.

```
<!DOCTYPE html>
<html>
<body>
<a href="http://www.uqu.edu.sa">This is a link
</a>
</body>
</html>
```

The result is

This is a link

Note: The link address is specified in the href attribute.

What's In

Directions: Complete the table by writing the website name the completing it using the HTML tag in the URL panel

Website	URL

What's New

C. HTML Images

Directions:

Inserting Images to your webpages

- *H*TML images are defined with the <img> tag.

```
<!DOCTYPE html>
<html>
    <body>
        <img src="the name of the image" width="104" height="142">
    </body>
</html>
```

- The result is the image which exist in the same folder with the source file.
- **Note:** The filename and the size of the image are provided as attributes.

What's In

Directions: Answer the following based on the previous lesson

1. Site are the advantages of inserting images to your HTML Document

   1.
   2.
   3.
   4.

2. What are the given parameters in <img src>
   1.
   2.

What Is It

- **HTML Formatting Tags**
- HTML uses tags like <b> and <i> for formatting output, like **bold** or *italic* text.
- These HTML tags are called formatting tags

Tag	Description
<b>	Defines bold text
<big>	Defines big text
	Defines emphasized text
<i>	Defines a part of text in an alternate voice or mood
<small>	Defines small text
<sub>	Defines subscripted text
<sup>	Defines superscripted text

What's More

Directions: On a blank sheet create an html document that will set the HTML text formatting tags (bold<b>,italic<i>,underline<u>) on the short poem below.

COVID-19 Alamat Kontra Armageddon

Naglaboy sa lungsod ang peste't higante,
Mayabong sa parke'y kabuteng kapote,
Walang pumapansin sa bugtong espinghe,
Mahimbing sa trono'ng putîng elepante.

Sa liblib at nayon, lumambong ang karbon,
Ang bundok at gubat ay pugad ng dragon;
Ang ilog at dagat may libag ng sabon,
Ang pusòng dumilat katalik ay kanyon.

Hawak na'ng trumpeta ng sanluksang anghel,
Nikelado kahit ang súpot ng kahel;
Hindi tatanggapin ng tanod sa karsel
Kahit ang pangakong nasúlat sa papel.

Ngunit halikayo! Gipô na'ng katedral.
Hihinto din ang trak ng keso't pandesal.
Tanggalin sa utak ang maskarang busál.
Bababâ rin muli ang lumang Salimbal!

Lalabas ang timon at bagong bagani,
Tumulong puksain ang nunòng serp'yente!
Huwag nang umasa sa agila't tigre,
Kumilos, tuklasin ang mutyang kamote!
Pag nagkakaisa't hawak ang sarili,
Maglalahòng ganap ang lahat ng peste!

What's New

Creating Tables

- HTML Tables
- Tables are defined with the <table> tag.
- A table is divided into rows (with the <tr> tag),

- each row is divided into data cells (with the <td> tag).
- td stands for "table data," and holds the content of a data cell.
- A <td> tag can contain text, links, images, lists, forms, other tables, etc

What Is It

- <table border="1">
  < tr>
  < td>row 1, cell 1</td>
  < td>row 1, cell 2</td>
  < /tr>
  < tr>
  < td>row 2, cell 1</td>
  < td>row 2, cell 2</td>
  < /tr>
  < /table>
- The result is something like the following:

row 1, cell 1	row 1, cell 2
row 2, cell 1	row 2, cell 2

What I Have Learned

Directions: Express what you have learned in this lesson by Creating a Webpage with the Following Details:

1. Get one whole band paper
2. On the top at the center write My End of Covid19 Wishlist
3. Cut out 7 images on things you want to do after covid19 pandemic

4. Have the format as follow:

First thing I want to do after covid is go to the beach and relax with my family ...etc

5. Align the image and description to the left
6. Make sure you use different colors on each of the seven description
7. Attach the finished design to this workbook to be checked

What I Can Do

Directions: Using the lessons we learned let's make a webpage based on the previous activity that we had. Write with the complete html code and name the images as 1.jpg, 2.jpg and so fort

Assessment Rubrics:

	WOW	RIGHT ON	GETTING THERE	JUST BEGINNING
Ideas and Content	Rich detail, creative and original	Good detail, generally creative	Some basic detail, attempts to be creative	Limited detail, little creativity or originality

Language and Word Choice	The language is exceptionally sensory. The reader can feel, taste, see, or hear the poem throughout. • The language is "cut to the bone," leaving only the necessary or powerful. Each word is carefully chosen to enhance the poem.	The language is often sensory. The reader can often feel, taste, see, or hear the poem. • The language is generally "cut to the bone," mostly leaving only the necessary or powerful. For the most part, words are carefully chosen to enhance the poem.	• The language is sometimes sensory. The reader can sometimes feel, taste, see, or hear the poem. • The language is somewhat "cut to the bone." Some unnecessary or ineffective words or phrases are included. • Some attempt has been made to choose some words for effect may not be appropriate.	• Sensory language is limited. The reader had difficulty feeling, tasting, seeing, or hearing the poem. • Many unclear, unnecessary or ineffective words or phrases are included • Little attempt has been made to choose words for effect or inappropriate word choices.
Punctuation and Spelling	• Punctuation enhances conveyance of thoughts and images. • Rarely any spelling errors	• Punctuation is meaningful throughout. • Few minor spelling errors.	• Some meaningful punctuation. • Several minor spelling errors.	• Arbitrary punctuation. • Several major spelling errors.

Assessment

Directions: Fill in the circle of the letter that corresponds to the correct answer.

What does HTML stand for?

- Hyper Text Markup Language
- Hyperlinks and Text Markup Language
- Home Tool Markup Language

Who is making the Web standards?

- Mozilla
- Google
- The World Wide Web Consortium
- Microsoft

Choose the correct HTML element for the largest heading:

- <head>
- <h1>
- <h6>
- <heading>

What is the correct HTML element for inserting a line break?

-
- <break>
- <lb>

What is the correct HTML for adding a background color?

- <body bg="yellow">
- <body style="background-color:yellow;">
- <background>yellow</background>

Choose the correct HTML element to define important text

-
- <i>
- <b>
- <important>

Choose the correct HTML element to define emphasized text

-
- <i>
- <italic>

What is the correct HTML for creating a hyperlink?

- <a>http://www.w3schools.com</a>
- <a url="http://www.w3schools.com">W3Schools.com</a>
- <a name="http://www.w3schools.com">W3Schools.com</a>
- <a href="http://www.w3schools.com">W3Schools</a>

Which character is used to indicate an end tag?

- /
- ^
- *
- <

How can you open a link in a new tab/browser window?

- <a href="url" target="new">
- <a href="url" new>
- <a href="url" target="_blank">

Which of these elements are all <table> elements?

- <table><tr><td>
- <table><head><tfoot>
- <thead><body><tr>
- <table><tr><tt>

Inline elements are normally displayed without starting a new line.

- True
- False

How can you make a numbered list?

- <list>
- <ul>
- <ol>
- <dl>

How can you make a bulleted list?

- <dl>
- <list>
- <ul>
- <ol>

What is the correct HTML for making a checkbox?

- <check>
- <input type="checkbox">
- <checkbox>
- <input type="check">

1. If you have internet connection open your web browser and test your aptitude https://www.w3schools.com/quiztest/quiztest.asp?qtest=HTML
